The feeling we get when spring quietly takes over and wraps itself around winter is just magical, right? Letting go of what was and seeing everything come to life gives us hope and bring us joy and happiness. We quickly adapt and the brighter days and a warm summer season sparks that wanderlust we've been holding in for so long.

And we wonder, wonder if this will be the year where sunny warm and bright beach adventures will be within reach again – fingers crossed!

Meanwhile we invite you to enjoy this sun packed spring/summer catalogue filled with beautiful, comfortable and stylish headwear and hope this will spark of your summer dreams.

We've got exciting news this season; Beautiful new additions to the Christine sun series, lots of comfy linen and sophisticated new patterns and colours on the bamboo series. Boho brings you stunning prints and models so pretty you'll find it hard to choose, if you must. Viva will add glitter and style to any outfit in your wardrobe and get you ready for summer in no time.

You might have noticed a new layout on the front page and the new name and logo.

'House of Christine' is now the superior platform for all our lovely brands
– we hope you like this idea and the new look!

There may be many reasons for you to browse through our new headwear catalogue. Perhaps you are looking for soft and comfortable headwear to cover your sensitive scalp, bald scalp, because you've had treatment for a critical illness. You may want to cover your hair because you experience bald patches. Perhaps you are simply browsing to find a fashionable printed turban to complete your carefully selected outfit. Or, maybe you are looking through this selection of Danish designed head coverings because headwear is part of your daily dressing routine and you, due to Alopecia, are bald and beautiful.

Whatever your need may be, we welcome you as a friend of Christine and are glad to have you browsing through our catalogue.

Have a wonderful spring/summer season – we hope it will be one filled with smiles and adventure.

CHRISTINE HEADWEAR bamboo collection

The bamboo-viscose products from Christine Headwear are made in the unique and functional Caretech® Bamboo quality.

Bamboo-viscose fabric has many fantastic features and the soft and comfortable quality is actually used to form the largest part of the Christine Headwear product range.

The Caretech® Bamboo is supremely soft, silky and luxurious to the touch. It is breathable and thermo-regulating so you remain comfortable and dry during both summer and winter temperatures. The fabric is more moisture absorbent than cotton and quickly removes the moisture from the skin and releases it.

Further the eco-friendly Caretech® Bamboo products are extremely gentle to wear and highly suitable to use against sensitive skin.

CHRISTINE HEADWEAR soft lift hat

The Soft Lift Hat from Christine Headwear is a revolutionary design protected headwear piece, which will provide the perfect fit and lift under your wigs and headwear.

A small hat that will make a big difference to the look and feel of your head coverings, as it gently lifts and adds a fine, natural volume to the back of the head.

The soft, breathable and light 37.5® fabric material will ensure you stay comfortable as it helps the covered area maintain an optimal 37.5-degree temperature - regardless of how you choose to cover it.

To make this clever little lift, a light mesh pad has been insertet under a soft top layer.

This will add a beautiful rounded shape to the back of your head whilst leaving you comfortable still, feeling nothing but carefully and gently protected.

The results are nothing but fantastic and you'll find your headwear and wigs will get a brand new, fine and elegant look to it.

CHRISTINE HEADWEAR underwear collection

The Christine underwear top is a unique and comfortable underwear piece developed with both intelligent features and materials.

Comfort in clothing, underwear in particular, is often dictated by your body temperature. It can, however, be difficult to maintain a balance at 37.5-degrees when our body goes through changes, either due to surgery, treatment for critical illnesses or when suffering Alopecia. It can be hard to control the hot and cold flushes that makes us so uncomfortable, but this top will help you! The 37.5° Technology used in the fabric material helps control your core temperature, regulates it and will keep you in the optimal 37.5-degree comfort zone at all times.

For further comfort and convenience, we've constructed the top so you can get dressed without having to pull it over your head, which can be difficult when having gone through a breast or under arm surgery. The neck line is beautifully placed and has an elegant and feminine silky satin trim.

A truly comfortable and practical top made particularly for your wellbeing.

37.5® TECHNOLOGY

Comfort in clothing is dictated by our temperature and the humidity next to our skin, known as our microclimate. When our microclimate balances at 37.5% relative humidity and our core temperature balances at 37.5 degrees, we are in the optimal comfort zone.

37.5® Technology headwear and clothing helps control the core temperature by accelerating the movement of moisture vapour before it can turn to liquid sweat.

If we get warm and damp, the 37.5® products will dry faster – up to 5 times faster than a similar product without 37.5® Technology. And, when moisture is removed from our headwear and clothing, we stay warmer when it's cold and cooler when it's warm.

The active particles used in 37.5® are derived from natural sources such as coconut shells and volcanic minerals. A combination of these special sources and the product features makes this a rather unique and intelligent headwear and clothing line.
